Aloha Event Professional:

We are pleased to provide a letter of recommendation for Ranae Keane, photographer and owner of Emotion Galleries. <http://www.emotiongalleries.com>

As the Director of Operations and senior music designer (DJ) for Hawaii Sound & Vision, I have had the opportunity to work with Ranae numerous times. On all occasions, I found her very professional, organized and willing to hear input from the client. At the same time, she is adept at giving direction to ensure the best results. Her background in choreography is obvious in her attention to detail and keen eye.

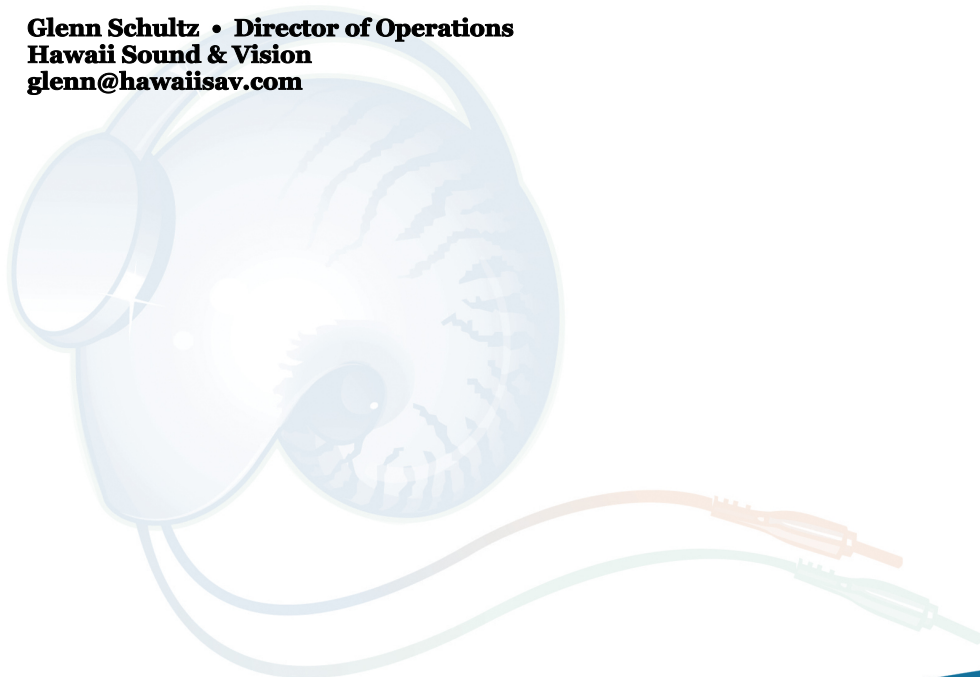

Ranae has an incredibly positive uplifting attitude that speaks through her photography.

We would encourage you to consider adding Emotion Galleries to your preferred vendor list. Ranae would be an asset to you and your clients, and a strong representative of your venue.

Sincerely,

Glenn Schultz • Director of Operations
Hawaii Sound & Vision
